Re: Proposed "Increment 156" to the
City of Long Beach

Dear Miss Heartwell:

At the meeting held on December 14, 1955, the County Boundary Commission reviewed the boundary description and map submitted by Walhfred Jacobson, City Attorney, City of Long Beach, Suite 600, City Hall, Long Beach 2, California, by Atlee S. Arnold, Deputy, with his letter of November 23, 1955, of the proposed annexation of territory to the City of Long Beach.

Although the boundaries submitted do not create islands or corridors of unincorporated territory, and conform with lines of assessment as nearly as practicable, upon recommendation of the County Engineer slight revisions were made in the boundary description to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code. Said revisions were in the wording of the boundary description and made no change in the location of the boundaries as shown on the map.

With these revisions, the County Boundary Commission approved the boundaries of the above proposed annexation. A copy of the approved revised legal description is enclosed for your use.

The Boundary Commission wishes to call to your attention that this proposal is a portion of the proposed "Increment No. 150" to your city approved by the Commission on February 16, 1955, and also overlaps the proposed "Annexation Increment No. 5" to the City of Lakewood approved by the Commission on November 9, 1955.

Attention Mr. J.S. Allison, Secretary

Dear Sir:

SUBJECT: City of Long Beach
"Increment 156"

Pursuant to your request of November 25, regarding the proposed "Increment 156" to the City of Long Beach, we have reviewed the legal description of the boundaries submitted by the City and find that the description requires some revision to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code.

Therefore, we have prepared the enclosed revised description of boundaries, which we recommend that the Commission approve and forward to the City.

This proposal is a portion of proposed "Increment 150" to the City of Long Beach, approved by the Commission on February 16, 1955, and also overlaps the proposed "Annexation Increment No. 5" to the City of Lakewood, approved by the Commission on November 9, 1955. This overlap was brought about by a changing right of way line on the southerly side of Carson Street. The boundary of the Lakewood proposal was set on what was the southerly line of Carson Street according to the latest information available to us at that time. However, the current Long Beach proposal conforms to the southerly line of Carson Street as established by a later deed. The City Administrator of the City of Lakewood has been informed of the above.
